### Book Synopsis:

All Isla wants for Christmas is to be left in peace, but in the Alps there's potential for romance in every snowflake that falls... It's the week before Christmas and **Isla McCoy** has just received an unexpected gift: a letter announcing she is due a life-changing inheritance, but *only* if she's willing to make peace with the father who abandoned her. She has absolutely no intention of making amends, but who could resist an all-expenses-paid trip to the French resort of St Martin-de-Belleville? There she meets smooth-talking **Justin** and nerdy glaciologist **Sebastian**; two very different men, with two very different agendas. Torn between her head and her heart, Isla finds herself utterly lost in a winter wonderland of her own feelings. **Surrounded by twinkling candles and roaring log-fires, Isla's resolve finally begins to melt. But will she learn how to reconnect, not only with a whole new family, but with herself and her heart?** A gorgeously heart-warming festive read to help spark a little romance in those long winter nights. Perfect for fans of Jane Linfoot, Debbie Johnson and Jenny Colgan. What readers are saying about Tilly Tennant: 'I adored this delightful story... I am already pining for more.
