### Book Synopsis:

Alice Grantham lost her fiancé and her job, so she's had to come home to Willow Park to live with her parents. To recover some sense of independence and security, she's cobbled together different part-time jobs, including one as assistant to the pastor of her hometown church. Nothing seems to be going right for her. Even Micah, the pastor's brother and the first boy she ever loved, is standoffish with her now. Micah has always been a prodigal son, but now he's trying to put that lifestyle behind him. Then a five-month-old daughter he never knew existed is dropped on his doorstep, the result of one of his many one-night stands. He needs help from Alice to care for his daughter, but he can't let himself hope for anything more from her than that. He can't help but want it, though...
